

PLARAD[®]
Torque & Tension Systems

Hydraulic Power Pack

XB 1

Technical data

- capability of continuous operation, optimized cooling through cooling fins and configuration of the integrated high speed cooling
- compact design
- suitable for construction-site use: motor secured in oil tank, completely protected by integral frame
- low noise emissions
- suitable for single- and twin hose applications

XB 1

Propulsion:	electrical
Flow rate:	0,2 gal/min constantly
Max. pressure:	11,600 psi
Operation Mode:	manual
weight:	19 kgs
